Feels so right

Animal-free Bio-synthetics  
with a clear conscience.  
We approach to promoting  
the preservation  
environment with  
sustainable materials and  
innovative manufacturing  
processes.

Inoltre, tutte le MP utilizzate  
sono state selezionati sulla base  
di criteri sostenibili.

Non da ultimo, parte  
dell'elettricità per la produzione  
è generata in modo

carbon-neutral.  
Questo è l'alternativa alla pelle  
convenzionale quando si tratta  
di progettare mobili imbottiti

o per eleganti arredamenti  
contract.  
This is the alternative to  
conventional leather when  
it comes to designing  
upholstered furniture or for  
stylish commercial fit-outs.
